CREATE THE FUTURE

The Richfield Historical Society would like to add your name to its historical record in a visible and permanent way. Take advantage of this special opportunity to join us by purchasing a lasting memory on your very own personalized brick.

Your brick will become a visible tribute to you and demonstrate your support of the Richfield Historical Society's Messer/Mayer Mill Restoration Fund insuring that your Society can continue its mission of "Honoring the Past," educating those "Living in the Present" and "Creating a Future" for generations to come.

Several brick options are available.

"Let's Get The Mill Grinding"

HONOR THE PAST

The Messer/Mayer Mill, built in 1873 by Andrew Messer, served the Richfield community not only as a place where surrounding farmers had their grain ground but a place that served as a gathering place for socializing, picnicking, skating, fishing as well as skinny dipping in the mill pond.

LIVE IN THE PRESENT

The goal of the Richfield Historical Society is to educate all who visit the Mill about the importance of the milling industry to the local economy in the days when wheat was "king" as well as its importance as a community entity. The Mill with its extensive complex of original equipment and supporting buildings, truly today is a working classroom.
